

Reference : CHANGE NOTICE No.: CN/14/09

Subject : Change in product catalog number of Capsule filter

Scope : This change notification is applicable to all sizes and all pore sizes of the product mentioned below supplied either non sterile or pre-sterilized:

- **mdi** Nylon Membrane Capsule Filter Types DNSZ

**Background:**

In our efforts to provide the user with products that are most appropriate for their needs/application, certain changes have been made in the product catalog number of **mdi** Nylon Membrane Capsule Filter Type DNSZ to cater to the new variants of these filters with different pre-filter layers.

**Need for Change:**

As above.

**How Does It Affect the User:**

From a practical point of view, this change only affects the product ordering information with regards to product catalog number. All performance specifications, product attributes, product packaging and traceability remain unchanged.

- **Product Catalog Number** – Product code (first 4 digits) in product catalog number has been changed to incorporate different pre-filter layers.

	OLD		NEW	
Product Type	DNSZ		DNSZ	
Product code (first 4 digits of catalog No.) with description	DNSZ	0.45µm pre-filter layer	DNZX	0.45µm pre-filter layer
			DNZ5	0.8µm pre-filter layer
Example catalog No.	DNSZ5301DDXX101		DNZX5301DDXX101	
			DNZ55301DDXX101	

**Effective Date:**

**mdi** Nylon Membrane Capsule Filter Type DNSZ ordered/shipped after December 15, 2014 will be with said changes.
