

Change Notice No.	Notification date	Implementation date
CN/17/01	10 th January 2017	10 th February 2017

Subject : Rationalization of product catalog number of mdi Centrifugal Filters

Scope : This change notification will affect the pack size code of the products with following catalog numbers (* can be any alphabet or numeral):

- CFNN*****104
- CFNN*****204
- CFPL*****104
- CFPL*****204
- CFPS*****104
- CFTF*****104

Background:

In our efforts to rationalize the number of devices per pack and its catalog number, certain changes have been done in the product catalog number of the **mdi** Centrifugal Filters with catalog numbers as mentioned above.

Need for Change:

mdi Centrifugal Filters having pack of 50 number are supplied with above catalog numbers (last two digits as pack size code 04). The pack size code '04' has been assigned to a pack of 100 numbers for other products. To maintain the uniformity of pack size code for all product types, the product catalog number of **mdi** Centrifugal Filters has been rationalized.

How Does It Affect the User:

From a practical point of view, this change only affects the product catalog number of the Centrifugal Filters. All performance specifications, product attributes, and traceability will remain unchanged. All packaging attributes such as packaging box, number of devices in a box and labeling will remain same as before, only the last two digits (pack size code) of product catalog number are changed.

The existing pack size code in product catalog number (last two digits i.e. 04) of **mdi** Centrifugal Filters has been rationalized. All product catalog numbers mentioned above will now end in 03 instead of 04.

Change Notice No.	Notification date	Implementation date
CN/17/01	10 th January 2017	10 th February 2017

Implementation of Change:

mdi Centrifugal Filters with catalog numbers as mentioned above, manufactured/packed after the implementation date (**10th February 2017**) will have the said changes. However, the available stock of **mdi** Centrifugal Filters with old catalog number will be received by you till the stocks last.
