

Reference : CHANGE NOTICE No.: CN/15/09

Subject : Removal of product individual label from **mdi** Inline Filters and Inline Vent Filters

Scope : This change notification will affect the following products supplied non -sterile:

- **mdi** Polyethersulfone Membrane Inline Filter types VKL, VKS, IKL, IKS, VKXS, VKXL, VKXG, VKLO, VK2S, VGK, IPT, IKT, IPN, IPG, IKG, IGK, IKF (all pore sizes with sizes 50mm and 37mm only)
- **mdi** Hydrophobic PTFE Membrane Inline Vent Filter types ITF, ITR, VTF, ITG (all pore sizes with sizes 50mm and 37mm only)
- **mdi** PVDF Membrane Inline Vent Filter types IVF (all pore sizes with sizes 50mm and 37mm only)
- **mdi** Microglassfiber Inline Filter types IGF1, IGF2, IGF6, IGF, IGS, IMGF, VGS (all pore sizes with sizes 50mm and 37mm only)
- **mdi** Nylon Membrane Inline Filter types IGN, IGNZ, INN (all pore sizes with sizes 50mm and 37mm only)
- **mdi** Polypropylene Filter types IPF (all pore sizes with sizes 50mm and 37mm only)

Background:

In our efforts to rationalize production/packaging process, certain changes have been done in the product package of **mdi** Inline Filters and Inline Vent Filters supplied non-sterile (product types mentioned above with size 50mm and 37mm)

Need for Change:

All the relevant information regarding product identification and traceability are already printed on product itself. The relevant information is duplicated by pasting product individual label, hence same has been removed.

How Does It Affect the User:

From a practical point of view the changes done will only affect the product individual label. All performance specifications, product attributes and traceability remain unchanged.

- Product individual label has been removed for non-sterile Inline Filters and Inline Vent Filters with types and sizes mentioned above. Relevant information regarding product is already printed on product itself.

Effective Date:

mdi Inline Filters and Inline Vent Filters (as mentioned above) manufactured/packed after September 05, 2015 will have said changes.
