

Change Notice No.	Notification date	Implementation date
CN/16/04	20 <sup>th</sup> February 2016	20 <sup>th</sup> March 2016

**Subject** : Change in Certificate of Quality for **mdi** Stericheck: Closed Sterility Test System

**Scope** : This change notification will affect the Gamma Irradiated Stericheck with following catalog numbers:

- SH1C0902XXXX302
- SPCC0902XXXX302
- SPFC0902XXXX302
- SV1C0902XXXX302
- SV2C0902XXXX302
- SV3C0902XXXX302
- SVCC0902XXXX302

**Background:**

In our efforts to provide the user more precise information regarding the products they use, certain changes have been made in the Certificate of Quality (CoQ) for **mdi** Gamma Irradiated Stericheck: Closed Sterility Test System (catalog numbers as mentioned above).

**Need for Change:**

The 'Cellulose Nitrate' membrane is being used to manufacture **mdi** Gamma Irradiated Stericheck: Closed Sterility Test System. The Certificate of Quality (CoQ) for the same specify the membrane type as 'Cellulose Ester'.

'Cellulose Nitrate' is one of the esters of 'Cellulose'. To incorporate this precise information regarding membrane type, Certificate of Quality (CoQ) for **mdi** Gamma Irradiated Stericheck: Closed Sterility Test System has been updated/modified.

**How Does It Affect the User:**

From a user point of view the changes done will only modify the Certificate of Quality. All performance specifications, product attributes, traceability and materials of construction (MOC) will remain the same.

- Certificate of Quality (CoQ) for **mdi** Gamma Irradiated Stericheck: Closed Sterility Test System (catalog numbers as mentioned above) will now have the membrane type 'Cellulose Nitrate' instead of 'Cellulose Ester'.
