

Reference : CHANGE NOTICE No. SL/10/01

Subject : Change in Labelling of mdi Syringe Filters (All types)

Scope : This change notification will affect labelling of the following products:

- Syringe filters – 25 mm (All types and all pore sizes)
- Syringe filters – 13 mm (All types and all pore sizes)
- Syringe filters – 4 mm (All types and all pore sizes)

Background:

In our efforts to provide the user better products with more convenience and better performance, certain changes have been made in the label of syringe filters.

Need for Change:

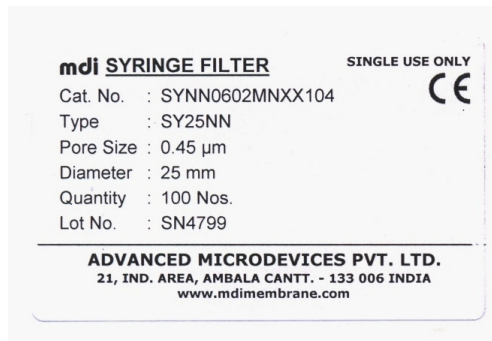

As above.

How Does It Affect the User:

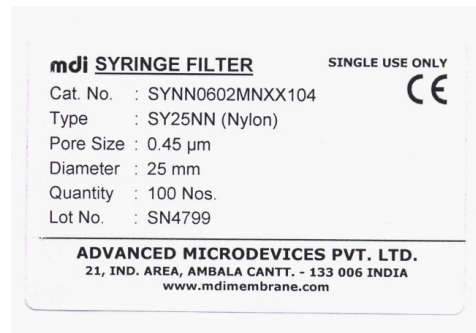

From a practical point of view the changes done will improve the identification of the product. All performance specifications and product attributes remain unchanged.

The filter media type has been included in brackets with product type for better identification.

Old Label

New Label

Effective Date:

mdi Syringe Filters (all types and all pore sizes) manufactured after January 10, 2010 will have said changes.
