

Change Notice No.	Notification date	Implementation date
CN/19/011	July 15, 2019	August 15, 2019

**Subject : Addition of specifications for sterilization in certificate of Quality (CoQ) of Nylon Membrane products**

**Scope : This change notification will affect the products with following catalog numbers: (# can be any alphabet or numeral):**

- CNZ#####1##
- CPN#####1##
- DGNL#####1##
- DNL#####1##
- DNLZ#####1##
- DNS#####1##
- DNZ#####1##
- INL#####1##
- INN#####1##
- INS#####1##
- MDNZ#####1##

**Background:**

In our efforts to provide the user updated information regarding the products they are using, it has been decided to make certain additions in the contents of the Certificate of Quality (CoQ) for **mdi** Nylon Membrane Products with catalog numbers as mentioned above.

**Need for Change:**

**mdi** Nylon Membrane Products with catalog numbers as mentioned above are tested/validated for sterilization by autoclaving/In-line steam sterilization up to a certain temperature/time etc. These specifications are incorporated in product related literature such as validation guide, data sheet etc. However, current Certificate of Quality (CoQ) is not reflecting these specifications. Hence, the Certificate of Quality (CoQ) for **mdi** Nylon Membrane Products with catalog numbers as mentioned above has been updated incorporating specifications for sterilization (autoclaving/In-line steam sterilization). No change has been done in any critical dimensions or materials of construction or manufacturing process of **mdi** Nylon Membrane Products with catalog numbers as mentioned above.

Change Notice No.	Notification date	Implementation date
CN/19/011	July 15, 2019	August 15, 2019

**How Does It Affect the User:**

From a practical point of view this change only mentions the specifications for sterilization (autoclaving/In-line steam sterilization). Products are already tested/validated but the specifications were not reflected in the Certificate of Quality (CoQ). All product specifications including materials of construction as well as performance specifications will remain unchanged.

The accompanying Certificate of Quality (CoQ) for Nylon Membrane Products with catalog numbers as mentioned above will reflect the additional specifications for sterilization (autoclaving/In-line steam sterilization) as mentioned in Table-1.

**Table-1**

Product category	Catalog No.	Specifications for sterilization
Cartridge Filter	CNZ#####1##	In-line steam sterilizable/autoclavable @ 121°C for 30 minutes @ differential pressure of < 3psi (< 0.2 Kg/cm <sup>2</sup> )
	CPN#####1##	
Capsule Filter	DGNL#####1##	Autoclavable @ 125°C for 30 minutes
	DNL#####1##	
	DNLZ#####1##	
	DNS#####1##	
	DNZ#####1##	
	MDNZ#####1##	
Inline Capsule Filter	INL#####1##	Autoclavable @ 125°C for 30 minutes
	INN#####1##	
	INS#####1##	

**Implementation of Change:**

**mdj** Products with catalog numbers as mentioned above, released after the implementation date will have the said changes. However, the available stock of **mdj** Products having Certificate of Quality (CoQ) without specifications for sterilization will be received by you till the stocks last.

In case you have any queries, please feel free to contact our Technical Support Team at 'info@mdimembrane.com'.
